

Disclosure Form Pertaining to ADA Editorial Activities International Committee of Medical Journal Editors (ICMJE) Adapted by the American Diabetes Association

Date: 6/8/2024

Your Name: Rodica Pop-Busui

Journal Title: Diabetes Care

In the interest of transparency, we ask you to disclose all relationships/activities/interests listed below that are related to your role as editor for the above-titled journal. “Related” means any relation with for-profit or not-for-profit third parties whose interests may be affected by the content of the manuscript. Disclosure represents a commitment to transparency and does not necessarily indicate a bias. If you are in doubt about whether to list a relationship/activity/interest, it is preferable that you do so.

The relationships/activities/interests of the editors should be defined broadly. For example, if you are asked to oversee the peer-review of manuscripts pertaining to the epidemiology of diabetes, you should declare all relationships with manufacturers of glucose-lowering medications.

This form was modified by the American Diabetes Association (ADA) in December 2023 to pertain to editorial review activities for ADA professional publications. The original disclosure form developed by the International Committee of Medical Journal Editors (ICMJE) can be found at <https://www.icmje.org/disclosure-of-interest>.
